If you mediate and five people become partners of the NWA, then your network will have the following format:

**With 700 PW (ie  $700 \times 0,50 = 350$  euro) monthly orders in NWA to you and everyone on your network individually, the performance of your company will be :**

**A) Profit on sale ..... 140 euro**

(buy 350 euro-sale 490 euro)

**B) Save for your orders**

Since your network has a total with your 4200 PW turnover the NWA, you now reaches 15% level.

So you will earn 15% of the 350 euro you ordered

ie .....**52,5 euro**

**Γ) Bonus from the development team**

The NWA as a reward for the development of the network that you did

Bonus offers as the difference in your rate with the rates people in your network to your turnover.

So you will earn  $15\% - 6\% = 9\%$  to 350 euro of ordered

each person on your team, ie  $31,5 \text{ euro} \times 5 \text{ persons} = \dots\dots\dots$ **157,5 euro**

Since your network has a total with your turnover 21.700 PW (31 persons × 700 PW = 21.700 PW) in the NWA, you're now 21% level. So you will earn 21% to 700 PW (350 euro) you ordered, ie 21% X 350 euro .....**73,5 euro**

**Γ) Bonus from the development team**

Each of the five original colleagues came along with his team in 4200 PW (did say that you did in the previous example), so he conquered and in turn the rate of 15%. You will always win as the difference in the percentage (21% -15% = 6%) in 4200 PW X 0,50 = 2100 euro turnover for each direct partner. Therefore, your profit will be 2100 euro X 6% = 126 euro X 5 persons .....**630 euro**

## PARTNER BENEFIT FROM EACH OF THE NEW STEM 21%

In a short time someone or some of your colleagues will go with your support at 21%. In this case, because there is no difference in proportion ( $21-21 = 0$ ) your company is rewarded with a special bonus from 7% to 10% depending on the number of 21% promotion. ie  $1 \times 21\% = 7,0\%$  BONUS,  $2 \times 21\% = 7,5\%$  BONUS,  $4 \times 21\% = 8\%$  BONUS,  $6 \times 21\% = 8,5\%$  BONUS etc.

Suppose that 4 of your colleagues have reached 21% as seen in the above figure. In this case, NWA your reward in a given month with a special bonus 8% on turnover of every associate is 21%. The special bonus earned in this case is :

**A) For the group of Nick win :**
